

Freerider

You have to get the DLR

From Woolwich mate,

It's not that far.

DL what? What the hell is that?

I've been inside for twenty years -

That term ain't never met my ears.

Exeter's in Devon –

Very far away.

Your Freedom Pass won't get you there today or any day.

Smoke at the entrance,

Not within.

Some are not sure where they've been

Or where they're going

For that matter -

The man prevents

The woman's chatter.

Get arrested to get a hot meal?

That's the desperation some people feel.
