

## #LocationPlumsteadStation – Reflective Opinion

Eclectic collection

With some affection

And other quips

And potential blips.

Live your dream,

That's not extreme.

Commotion?

Liverpool's poetry in motion.

If you wait for the perfect condition

You'll never get anything done.

Just wait on your next commission –

Eventually it will come.

Should life be better than this?

I'm not entirely sure.

I've got to go for dinner with

My terrible mother-in-law.

Some hate Southeastern Railway

And don't hesitate to say.

Dreading going to my late dear mother's

Place for inevitable clearing.

It is so sad because that wonderful woman was

Endearing.

A good day is to have a good moan,

Listen to me, you'll sense the tone.

Hungover, two hours late for work,

But tonight's sixth anniversary dinner

Will be a definite winner.

Busy, busy, we're all time poor,

But that is what poems are for –

Beauty, nature, a comforting situation.

Behold the place that is #LocationPlumsteadStation.
