

The Reshuffle Kafuffle

On one warm September day,
Dave called various chums in to say:
“Listen up, I’m having a shuffle –
This cabinet of mine needs a good ruffle”.

So a fair few changes have been made
And London’s BoJo is dismayed
That Justine Greening has had to go
As she’s against the expansion of Heathrow.

Least favourite politician
Gideon remains,
Cutting all he can,
The Alternative claims.

And Baroness Warsi
Didn’t get that far see –
Though she’s now ‘Faith and Community’
To help bring unity.

Grant Shapps, Nimby man,
Previously had housing –
Now he’s Tory Chairman –
What is he espousing?

Kenneth Clarke was failing
And so now Chris Grayling
With his ‘performer’ reputation
Needs to save this generation.

“Back me or sack me”
Lansley said.
It appears that Lansley
Made his own bed,

As Jeremy Hunt, Murdoch’s mate,
Now has ‘Health’, can he relate
To our beloved NHS
And clear up Lansley’s NHmess?

And Maria Miller (who is she?)
Been promoted from ‘Disability’
To ‘Culture’, the role which Hunt has left,
Hopefully she’s not feeling bereft.

But not everyone’s shifting,
A few remain,
Like Eric Pickles
Despite his curious name.

Theresa May will also stay
Despite the debacle that is UKBA.
Hague and Gove and Hammond do
Remain in place for ‘Cabinet 2’

And is this new cabinet diverse?
Absolutely not – it’s got worse!
Oxbridge, southern, white and male,
A government on track to fail?
